## **Workshop on MS Excel :**

At the end of the workshop delegates will be able to :

- Will create LJ charts from raw data.
- Will calculate Mean, SD and CV from raw data.
- Will identify outliers and fill CAPA
- Review the CV percentage over the last 6 months.

## **Workshop on Blended Teaching**

In this workshop we will be introducing a new concept of teaching MBBS students. It involves the process of creating and sharing content of the lecture in advance to the students and gamifying it to identify specific learning needs of the students. Then with this insight the lecture is taken addressing the specific learning needs.

## **For Oral Presentation :**

Open for all

15 minutes presentation + 5 mins QS session

Cash prize for winners

*First prize* : ₹ 5000,

*Second prize* : ₹ 3000
